

Range of students 636-696

The range of 24 -- 27 students is based on the suggested optimal class size in the teachers contract. The following calculation was used to arrive at the numbers in this range. The number of classroom would not change if we have 19-20 students per classroom or 30 students per classroom.

| | 24 students | 27 students |
|-----------------------|--|--|
| 6 th Grade | | |
| | 6 classrooms @24 students = 144 students | 6 classrooms @27 students = 162 students |
| | 2 science classrooms @24 = <u>48 students</u> | 2 science classrooms @24 = <u>48 students</u> |
| | 192 students | 210 students |
| 7 th Grade | | |
| | 6 classrooms @24 students = 144 students | 6 classrooms @27 students = 162 students |
| | 2 science classrooms @24 = 48 students | 2 science classrooms @24 = 48 students |
| | LanguageArts @ 24 students= <u>24 students</u> | LanguageArts @ 24 students= <u>24 students</u> |
| | 216 students | 237 students |
| 8 th Grade | | |
| | 6 classrooms @24 students = 144 students | 6 classrooms @27 students = 162 students |
| | 2 science classrooms @24 = 48 students | 2 science classrooms @24 = 48 students |
| | LanguageArts @ 24 students= <u>24 students</u> | LanguageArts @ 24 students= <u>24 students</u> |
| | 216 students | 237 students |
| Special Education | | |
| | <u>1 classroom @12 students = 12 students</u> | <u>1 classroom @ 12 students = 12 students</u> |
| | 636 students | 696 students |
