

State-Approved Supplemental Educational Service (SES) Providers

Harbor Learning

Harbor Learning is your New Franklin-based after-school tutorial service for students who would benefit from additional support in the areas of reading and mathematics. Harbor Learning offers customized tutorials by certified Portsmouth teachers. Your child's tutoring will take place at New Franklin School allowing for clear communication between Harbor Learning, classroom teachers and families. Parent will meet with Harbor Learning teachers 3 times a year to discuss their child's progress as well as receive monthly progress reports. After conducting an initial assessment to determine your child's specific learning needs, Harbor Learning instructors will consult with your child's classroom teacher and support specialists to design a program to ensure their academic success. Instruction will be either one-to-one or small groups of no more than 5 students per teacher, and will use a variety of materials that are aligned to New Franklin's core instruction. Our tutorials will take place two days per week from 2:45 – 4:00 and all students will have access to a snack and late bus for transportation home. Please call 431-8721 for more information.

ACES Tutoring

ACES provides one-on-one, face-to-face tutoring tailored to the particular student's need and his or her learning style. We have found that ACES' one-on-one approach allows us to provide tutoring in a more effective way than is achievable in a group setting. ACES has a proven track record. In the 2008-09 school year, of those students who finished tutoring, 84% of the students met or exceeded their math goals and 95% of the students met or exceeded their reading goals. Their total average gain in reading was 39.9% and in math 49.3%. ACES offers tutoring in the school, local library, or after school locations, such as the Boys & Girls Club, whichever works best for the particular student. Most students will receive at least two hours of tutoring per week in one-hour sessions. www.cestutoring.com

ATS Project Success

ATS Project Success offers on-line in home tutoring for children in grades K-8 in reading and mathematics. We supply a pre-programmed computer and dial-up Internet service at no cost to parents. We can also work with most existing high-speed Internet services that the family may have. Students work from the comfort and safety of their home, and families choose a schedule that meets their needs. www.projectsuccesstworks.com

Brainfuse Online Instruction

Brainfuse offers comprehensive remediation and homework assistance aligned to state and local standards. With Brainfuse students and tutors communicate by typing, drawing and even speaking via their computers. No additional hardware is required beyond a computer with internet access. Small group instruction, one-on- one tutoring and instant access homework help are available. www.brainfuse.com

Brainwaves Learning Center

After completing a thorough assessment of your child's abilities, we will match them with an experienced tutor who is also a certified teacher. The tutor will work with your child toward agreed upon goals. You stay involved through communication from the tutor and by utilizing the opportunity to observe in our unique viewing rooms. All of our tutoring is done on a one-on-one basis in a quiet, distraction free environment. We think that you will find our approach different than the national chains -- and more effective too! www.brainwaveslearning.homestead.com

Club Z! Inc.

Club Z! In-Home Tutoring tutors your child, one-on-one, in the privacy your own home (or another location of your choice), on days and times that are most convenient for you. A structured curriculum is customized based upon a diagnostic assessment, teacher input and your concerns. The same tutor meets with your child and gives you a progress update after every session. Tutors can also consult with your child's teacher on a regular basis. Most importantly, we will help raise your child's confidence level by maintaining a positive approach, working with his/her individual learning style and pace. www.clubztutoring.com

Dailey Educational Consultants, LLC

We offer services in reading, language arts and math. Times and locations are convenient for the families. All programs are designed to be of high interest to the student. The lessons are individualized to meet the grade level expectations of the child. We only use licensed teachers, and provide direct service to the students that will meet their learning style and need. www.daileyed.com

Sylvan Learning Center

Why does Sylvan work for students? At Sylvan, we build the skills, habits and attitudes your child needs to succeed in school...and in life. The Sylvan Skills Assessment is the first and most important step to building your child's personalized learning plan. It helps us to accurately pinpoint your child's academic strengths and weaknesses. We'll use the results of the Sylvan Skills Assessment and our unique insights about what will work best, to develop a personalized learning plan tailored to your child's academic needs. Our tutors are warm, caring and highly qualified. We'll get to know your child, and keep lessons fresh and fun. We won't move forward until your child has completely mastered each new skill. See Sylvan's flyer for a special program created just for the convenience of the New Franklin community. Please go to www.sylvanlearning.com to watch video describing the Sylvan program.
