

## **Non-Profits**

### **Alaska Wilderness League**

John Demos  
john@alaskawild.org  
59 Rodier Road  
(207)384-0175 or (207)451-0883(cell)  
South Berwick, Maine 03908

*The Alaska Wilderness League works to preserve Alaskan Wilderness on national public lands from oil, gas and mineral exploitation. We educate the public on the severe impacts of global warming on the Alaskan Arctic and the need to conserve energy rather than continue our waste and drill ways.*

### **Blue Ocean Society**

Patty Adell  
info@blueoceansociety.org  
143 Pleasant Street  
Portsmouth, NH 03801  
(603)431-0260

*Non-profit organization dedicated to promoting conservation of the marine environment.*

### **Clean Water Action**

Doug Bogen  
dbogen@cleanwater.org  
163 Court St.  
Portsmouth, NH 03801  
(603)430-9565

*Clean Water Action is coordinating citizen efforts to get the state of New Hampshire to enact a strong climate action plan and reduce greenhouse gas emissions from its fossil-fueled power plants, including those in Portsmouth and Newington. We are also promoting innovative, more sustainable approaches to wastewater management locally and regionally.*

### **City of Portsmouth**

Silke Psula & Peter Britz  
pbritz@ch.cityofportsmouth.com  
680 Peaverly Hill Rd  
Portsmouth, NH 03801  
(603) 766-1454

*The City of Portsmouth has a longstanding commitment to the principles of sustainability, which include decreasing our dependence on fossil fuels and synthetic chemicals, reducing negative impacts on our natural resources and meeting the needs of our residents fairly and inclusively. Under the leadership of the City Council and the guidance of its Committee on Sustainable Practices, as well as the expertise of City staff, Portsmouth has implemented numerous initiatives, which further these principles. Many of these initiatives have also resulted in both immediate and long-term cost savings for municipal operations.*

### **East Coast Greenway Alliance**

Joe Barrett  
joe-barrett@hotmail.com  
27 North Road  
Wakefield, RI 02879  
(401)789-4625 or (603)969-7546 (cell)

*Self-propel and enjoy the beauty of our natural settings around the Seacoast*

- *No Fossil Fuel*
- *Travel in Harmony with Nature*
- *Share the Experience*

**Goddard College**

Ann Driscoll  
ann.driscoll@goddard.edu  
7 Seaborne Drive  
Dover, NH 03820  
(603)742-2829 or (603)498-4354

*Goddard College's Master of Arts in Socially Responsible Business and Sustainable Communities is a low residency graduate program that supports self-designed learning in all 4 of the Natural Step conditions. Students focus their studies in these areas: social responsibility, social entrepreneurship, sustainable community development and/or social justice.*

**Great Works Regional Land Trust**

Christine Magruder  
cbmagruder@gwrlt.org  
P.O. Box 151  
South Berwick, Maine 03908  
(207)646-3604

*Great Works Regional Land Trust seeks to balance growth with conservation of our region's natural resources. We are a member supported, nonprofit organization that provides conservation options to willing landowners in the towns of Eliot, South Berwick, Berwick, North Berwick, Wells & Ogunquit. Since 1986 we have completed 82 projects and protected over 4,000 acres.*

**Green Start**

Barclay Jackson  
ebarclayjackson@yahoo.com  
36 Marston Ave  
Portsmouth, NH 03801  
(603)431-1120 or (603)498-8252 (cell)

*Green Start is a non-profit (501(c)(3) organization dedicated to promoting increased use and availability of biodiesel in New Hampshire. Biodiesel use significantly reduces the amount of green house gases and particulate matter released into the atmosphere and also reduces our dependence on petroleum coming from beneath the earth's crust. Accomplishing Green Start's mission will therefore meet at least two of the four objectives. The booth and/or presentation Green Start wishes to provide will present information in printed and power-point format regarding diesel emissions from school busses. There will be a petition for interested citizens to sign requesting the Portsmouth school board and city council to seriously investigate switching to biodiesel. If there is room for us to present, we expect to have a longer power point presentation that explains the benefits of using biodiesel and various supporting statements from other municipalities that have switched—including the Portsmouth Public Works Department.*

**Interfaith Sustainability Team & Saint John's Episcopal Church Stewardship of the Earth**

Carole Renselaer  
chrenselaer@comcast.net  
(603)433-9903 or (603)303-5617 (cell)  
116 Spinnaker Way  
Portsmouth, NH 03801

*The Interfaith Sustainability Team and Saint John's Episcopal Church Stewardship of the Earth Committee educate the public on sustainability in the following way: through each congregations' individual program on environmental stewardship and also on community-wide events which are held on a regular basis and cover topics such as 'The Mystery of Garbage' to 'The Polar Bear Survival Tour.'*

**Kristen Barton**

kirstena.barton@gmail.com  
Kirsten Barton  
300 Court Street  
Portsmouth, NH 03801

(603)373-8394 or (401)662-9199 (cell)

*Two tables...one for info on getting kids outside with a focus on *The Last Child in the Woods* - a book by Richard Louv which documents how children thrive by having free time outside in their natural environment. Info from NH Fish and Game which sponsors programs for getting kids back into nature and supports the federal legislation 'Leave No Child Inside'. The second table is to provide space to draw your favorite outdoor memory (forkids and the adults that are kids too)...a main theme running through the book is that older generations have favorite outdoor memories of being able to wander and be pensive in nature - the current generation is loosing that ability to connect with the outside for many reasons. In order to meet human needs fairly we should place more value on the time we spend outside as a family, as a school system, as a recreationdepartment, etc.*

### **New Hampshire Dept. of Environmental Studies**

Alicia Carolson and Barbara McMillian

pip@des.state.nh.us

29 Hazen Drive

Concord, NH 03301

(603)271-2975

*They will have information and activities on supporting our water systems and soil.*

### **New Heights**

ttucker@newheightsonline.org

100 Campus Drive, Suite 23

Portsmouth, NH 03801

(603)422-8235

*New Heights is the Seacoast's largest, most comprehensive out-of-school program for young people between the ages of 11 to 18 (those entering 6th grade to those in 12th.) Our over arching mission is to help teens make a successful transition to adulthood. We do this by providing teens with health-related opportunities and programs that foster respect for themselves, others, and the environment.*

### **Newmarket Community Garden Group**

Gail Wingate

Gkwings@aol.com

125 Main Street

Newmarket, NH 03857

(603) 659-8292

*The Newmarket Community Garden is a group of Newmarket residents who are working together to make space available for local residents to garden. The goal of the group is to strengthen the Newmarket community by fostering the production of local foods and bringing together diverse community residents.*

### **NHC3UA Cooperative Program**

Joyce Massicotte

joycemassicotte@hotmail.com

11 Leavitt Lane, Perpetuity Hall

Durham, NH 03824

(603)862-4041 or (978) 504-9894 (cell)

*NHC3UA is a cooperative effort between the Offices of Environmental Health & Safety at UNH and Dartmouth College to help schools reach their environmental health and safety goals. We have provided safety assessments, workshops on energy efficiency and will be holding a Green Chemistry seminar this summer on the UNH campus. We are helping human needs by promoting a safe work and learning environment and at the same time reducing the wasteful use of synthetic substances.*

### **NH Fish and Game - Wildlife Division**

info@wildlife.nh.gov

11 Hazen Drive

Concord, NH 03301

(603)271-2461

*“Sustainability and our Wildlife”*

### **NH Sea Grant Extension Docent Program**

Mark Wiley

mark.wiley@unh.edu

Chase Ocean Engineering Lab/UNH

24 Colovos Road

Durham, NH 03824

(603)749-1565

*Marine Docents are volunteer guides to the marine world who present SeaTrek programs in schools and throughout the community, guide students in marine experimentation at sea, teach aboard the UNH research vessel Gulf Challenger, and give tours of UNH marine laboratories.*

### **Perma Culture**

Amy Antonucci, Permaculture Designer

amyla44@juno.com

31A Moharimet Drive

Madbury, NH 03823,

603-750-7506

*Learning About Permaculture Presentation*

### **Piscataqua Sustainability Initiative**

Skye Maher

info@thepsi.net

(603)436-8035

*The PSI encourages the use of The Natural Step principles in the Piscataqua Region of New Hampshire and Maine. It is building a community of citizens who understand and use The Natural Step principles to create a sustainable future. The primary activities are study circles that meet eight times to read and discuss the book *The Natural Step for Communities: How Cities and Towns Can Change to Sustainable Practices* by Sarah James and Torbjorn Lahti, and quarterly meetings to share progress, celebrate successes, and plan for the next quarter. The PSI also offers facilitator trainings and organizes Eco-Teams. The initiative is guided by a Steering Committee of ten members. There are no officers and the functions of chair and secretary are rotated among the members; meetings are held in homes on the second Tuesday morning of each month at 7am.*

### **Portland Time Bank**

Kym Dakin

62 Elm Street

Portland, ME 04101

(207)874-9868 or (207)329-0000 (cell)

*The Portland Time Bank is a membership organization where services are exchanged for Time Dollars, the currency of equality. Members utilize their personal assets (the skills and talents they wish to share) in exchange for services they want or need. These service exchanges enhance their lives, save cash dollars and build relationships with neighbors. Every hour of service is valued equally, hour for hour.*

*The Portland Time Bank was founded in 1997 (formerly Maine Time Dollar Network) by local activist and physician Dr. Richard Rockefeller after he met and was inspired by the movement's founder, Dr. Edgar Cahn. Currently there are over 600 active members providing over 1500 services in 243 categories. In 2007, members exchanged over 17,000 hours of services in over 4,000 transactions!*

### **Portsmouth Conservation Commission**

Allison Tanner

inventivetechnologies@comcast.net

380 Greenleaf Avenue

Portsmouth, NH 03801

(603) 431-4147

*The mission of the Portsmouth Conservation Commission is to foster sustainability of land, water and wildlife resources by providing education and assuring compliance with regulatory guidelines to minimize environmental impact.*

### **Project Laundry List**

Jean Pauly-Jennings  
jean@meadowsmirth.com  
61A Heights Road  
Stratham, NH 03885  
603-767-2610

*Project Laundry List uses words, images, and advocacy to educate people about how simple lifestyle modifications, including air-drying one's clothes, reduce our dependence on environmentally and culturally costly energy sources. We are a non-profit, 501(c)(3) organization which aims to demonstrate that personal choices can make a difference.*

### **Seacoast Anti-Pollution League**

Herb Moyer  
hmoyer@pittsfield.k12.nh.us  
51 Westside Drive  
Exeter, NH 03833  
603-772-6910 or 603-231-3083 (cell)

*SAPL has worked for the past 39 years to help protect the New Hampshire Seacoast environment through legal intervention in the Seabrook licensing process, environmental education, working with the Shipyard to oversee toxic waste cleanup, and trying to convince state government to implement independent, offsite, real-time radiation monitoring.*

### **Seacoast Area Bicycle Routes (SABR)**

Josh Pierce  
PO Box 765  
Portsmouth, NH 03801  
(603) 770-4770

*SABR promotes safe and effective bicycle transportation in the Greater Seacoast region of New Hampshire and southern Maine. Riding a bicycle is a great alternative to driving a car, especially for short trips, running errands. Riding a bicycle uses no gasoline or fossil fuels, reduces our dependence on persistent chemicals, saves money on fuel and parking and provides essential exercise in our modern world at a fraction of the price of maintaining an automobile.*

### **Seacoast Science Center**

Michele Wensman  
volunteer@seacentr.org  
570 Ocean Road  
Rye, NH 03870  
(603) 436.8043

*We are an informal Environmental/Marine Science Center and we practice our mission which is to "create connections to nature through personal experience." We accomplish this through our programs and by having a dynamic corps of volunteers.*

### **Seacoast Slow Food**

healthybalance9@comcast.net  
Amy Pollard  
223 South Main St.  
Newmarket, NH 03857  
(603) 580-6960 or (603) 659-6259

*Slow Food Seacoast is a local chapter of Slow Food USA, which is part of the international Slow Food movement. Our participants gather to eat, cook, learn, teach, garden, and share ways to live a slower and more sustainable life. We promote food that is good, clean, fair, and locally produced.*

### **Sierra Club**

Kurt Ehrenberg  
kurt.ehrenberg@sierraclub.org  
40 North Main Street  
Concord, NH 03301  
(603)224-8222 or (603)498-2275 (cell)

*"The Mission of The Sierra Club Foundation is to advance the preservation and protection of the natural environment by empowering the citizenry, especially democratically-based grassroots organizations, with charitable resources to further the cause of environmental protection. The Sierra Club is the vehicle through which The Sierra Club Foundation generally fulfills its charitable mission."*

### **Society for the Protection of NH Forests**

Jack Savage  
jsavage@forestsociety.org  
54 Portsmouth Street  
Concord, NH 03301  
(603) 224-9945 ext. 330 or (603) 724-5362 (cell)

*The Society for the Protection of New Hampshire Forests is the state's oldest and largest non-profit land trust, and reduces encroachment on nature by having assisted in the conservation of one million acres since our founding in 1901. Our strategic plan, New Hampshire Everlasting, calls for the protection of an additional one million acres statewide by the year 2026. In 2007, the Forest Society protected 10,355 acres through 48 separate conservation projects. In Portsmouth, we own and manage the Creek Farm Reservation.*

*We are headquartered at the Conservation Center in Concord, one of the state's first green buildings. It uses passive solar, active solar and is heated by a wood chip gasifier, all of which reduce dependence on fossil fuels.*

*Through our outreach, we urge every NH community to conserve at least 25% of its land base to conservation, thus ensuring the future of clean air, clean water and a high quality of life for its citizens—thus meeting human needs fairly and efficiently.*

### **Squamscott Community Commons**

Lisa Burk-McCoy  
lisa@squamscott.org  
POB 521  
Exeter, NH 03833  
(603) 778-4722

*Squamscott Community Commons is an innovative concept in community center design, dedicated to offering collaboration and efficiency by housing several social service agencies under one roof. The sustainably-built community center will also offer a full-service recreation center. We are committed to serving seacoast NH through our values of inclusivity, community partnership, wellness, and sustainability.*

### **Strawbery Banke**

info@strawberybanke.org  
14 Hancock Street  
Portsmouth, NH 038301  
(603) 433-1100

*"Learning from our past to promote our future." Educational table exhibit.*

### **UNH Cooperative Extension**

Elizabeth Brink  
webinfo@ceunh.unh.edu

679-5616

*Information on how to have sustainable gardens.*

### **UNH Ecological Advocates**

Emily Cousineau

UNH GSS4781

Durham, NH 03824

(401)556-8851 or (401)556-8851

*Ecological Advocates works toward promoting environmental responsibility through community education and awareness. The group works on issues such as recycling, food waste, energy efficiency, fair trade, consumerism, and respect for nature. Students collaborate with different departments at UNH to emphasize the connection that every aspect of our lives has to the environment and to sustainability.*

### **Water Water Everywhere**

Peg Roy

pegroy@comcast.net

(603)436-8674

*Presenters Peg Roy and Nancy Brown*

### **WSCA Portsmouth Community Radio**

Judi Matthews and Tim Stone

matthewsjan27@yahoo.com

909 Islington Street

Portsmouth, NH 03801

(603) 430-9722 or (603) 502-7871

*Tim Stone and Judi Matthews co-host the environmental show on Saturday mornings; we will tape this show live from the festival. Our show mission is to promote global action through local action. So this festival meets our mission and we are spreading the word about the festival. Furthermore, we are a community radio show and we support a number of local venues including music, theatre, dance, poetry, the and other forms of the spoken and written word.*

### **Vendors**

#### **Bella Green Design**

bellagreenhome@mac.com

Sarah Roe

13 Douglass Way

Exeter, NH 03833

(603)770-0875 or (603)770-0875 (cell)

*Bella Green Design is an eco-friendly design business that focuses on interior spaces. Bella Green works with products that are produced using sustainable and ethical practices. Bella Green is based on the knowledge that it is possible to protect the environment and create beautiful and functional spaces at the same time.*

#### **Borrego Solar**

Joe Harrison

jharrison@borregosolar.com

131 Steadman Street, Unit 15

Chelmsford, MA 01824

(978)458-0118

*Our Mission Statement is: Borrego Solar is solving the world's energy problems by accelerating the adoption of renewable energy. Our people are committed to excellence in every aspect of solar design and construction.*

*We "Walk the Talk." At Borrego Solar we strongly believe in the use of renewable energy and sustainable business practices. Our office building houses a 30 kW solar energy system. We go out of our way to*

*recycle as much waste from our installations and operation as possible and we purchase from Green vendors whenever we are able. We pay all of our employees a living wage, vacation, and benefits. We also strongly support continued education of our employees through product training courses, seminars, and certifications.*

*As of March of 2006, we are an Alameda County certified Green Business. As part of this certification process we went through an extensive audit of all of our business practices. As a result, we have developed better recycling processes for our construction and office waste, and we have reduced our overall energy consumption. We are working to make our entire business operation carbon neutral through the purchase of carbon offsets.*

### **Brownian Heating Technology**

*info@brownianheating.com*

*Joe Brown*

*114 School Street*

*Northwood, NH 03261*

*(603)942-2028*

*Brownian Heating Technology specializes in high efficiency and alternative energy heating and cooling systems. In addition to reducing fuel use with high efficiency oil/gas equipment, systems powered by wood, pellet fuel, or solar energy can replace part or all of a home's fuel needs with renewable, inexpensive, local resources.*

### **Corporate Express**

*David Kerkhoff*

*David.Kerkhoff@cexp.com*

*15 Rye St.*

*Portsmouth, NH 03801*

*(603) 559-1931 or (603) 231-0349*

*Corporate Express believes that a sustainable community should use its resources to meet current needs while ensuring adequate resources are available for future generations. It was our commitment to these guiding principles that motivated us to create our line of Sustainable Earth® commercial cleaning products.*

### **EcoPowerHedge.com**

*Hunter D. Brownlie*

*info@ecopowerhedge.com*

*167 Exeter Road, Ste 1*

*Newfields, NH 03856*

*603)659-7626 or (603) 617-0060 (cell)*

*EcoPowerHedge.com offers a win-win-win solution for the commercial energy buyer, the renewable energy developer and the environment. We offer renewable energy hedges to help buyers stabilize their energy budgets. We can also include a Renewable Energy Credit or a REC that allows a client to offset their current carbon emissions.*

### **EcoQuest International**

*Leslie Brenner*

*LeslieBren@msn.com*

*34 Hawthorne Street*

*Portsmouth, NH 03801*

*(603) 431-1772 or (603) 969-8296 (cell)*

*Eliminate fossil fuel dependency and wasteful use of synthetics with regard to manufacture, transportation and disposal of plastic containers. Eliminate laundry detergent and use of hot water setting, protecting the natural environment and lowering energy usage. Provide clean, healthy drinking water at your source. Clean, sanitized laundry, with cost savings.*

**Fa La Lo**

Liz Wright

fa.la.lo.of.portsmouth@gmail.com

565 Sagamore Avenue, #18

Portsmouth, NH 03801

(603) 610-1421 or (603) 969-2919 (cell)

*Fa La Lo stands for fair labor and/or local. We sell locally produced goods and/or products from fair trade organizations--and many of the products we sell are created from recycled materials!*

**Fuel Freedom International**

KarenKiokemeister

kkyork@maine.rr.com

7 Old McIntire Road

York, ME 03909

(207) 351-1880 or (207) 351-5320

*A US based company dedicated to preserving the purity of this planet through providing ecologically based products that reduce the danger of hazardous fuel emissions and allow cleaning without use of noxious chemicals.*

**The Green Alliance**

Sarah Brown

actionkittery@gwi.net)

909 Islington Street

Portsmouth, NH 03801

(207) 438-9160

*The Green Alliance is a new consortium of green businesses which offer sustainable alternatives to everyday needs/services/products. The 3 businesses in the Alliance are Simply Green Biofuels which offers Biodiesel and Bioheat; renewable, American-grown soy fuel oil to heat homes and power diesel vehicles and equipment, Purely Organic Lawn Care, which offers cost-competitive environmentally responsible lawn care services, a safe and organic alternative to commercial chemical services and Clean Air Lawn Care, which mows lawns using solar-powered electrical mowers. All 3 businesses offer environmentally responsible alternatives to #2 home heating oil and diesel, pesticides, herbicides and nitrogen fertilizers and noisy and polluting lawn mowers -- all 3 businesses are at the forefront of the environmental wave because they offer their services for the same or less than their unsustainable competitors.*

**Green-plans**

Bob Wheeler

Residentialplans@aol.com

11 Trafton Lane

Kittery, Maine 03904

(800) 278-1697 or (781) 856-3208 (cell)

*Objective:: Residential architecture for:*

- 1.)Eco-smart building ideas*
- 2.)Sustainable architecture*
- 3.)Alternative Energy Solutions*
- 4.)Energy efficient, recycled, and renewable products and services*

**Green Samaritan**

Nicole Masterson

georgeandnicole@hotmail.com

15 Scott Avenue

York, ME 03909

(207) 363-9221 or (207) 752-4725 (cell)

*Green Samaritan is a one woman business based in York, Maine devoted to keeping our landfills free from those objects that can be refashioned into very eco-chic bags. Nicole works with mostly all recycled*

*materials and objects to create her eclectic and one-of-a-kind purses and bags. She also commits her business to environmental and social justice by supporting KIVA and the 1% for the Planet Foundation. What is better than being eco-responsible and carrying a great handbag to boot?*

### **Hannaford Supermarkets**

Molly Tarleton  
201 Boston Post Rd, Suite 100  
Marlboro, MA 01752  
(508)357-7124

### **J & E Wall Systems**

Jeff White & Elizabeth Conner  
jeff.white@comcast.net  
15 Frontier St  
Rye, NH 03870  
(603) 427-5001 or (603) 498-9839

*Building with Nudura forms reduces carbon emissions and reduces the amount of fossil fuels needed to heat and cool. Nudura is manufactured with recycled material, waste is 100% recyclable. You save valuable environmental resources by building with it. It promotes a healthy living environment by not supporting mold growth.*

### **Jackson's Hardware**

Lisa Corcoran  
jacksonshardware@comcast.net  
56 Rout 1 Bypass  
Kittery, ME 03904  
(207) 439-1133

*Mythic Paint is a non-toxic, ultra low odor paint that provides the durability and coverage you expect from premium paints, without the off-gassing VOCs and cancer-causing toxins that emit years after drying. Stronger, safer, smarter paint.™ Now that's a breath of fresh air.*

### **Key Heating & Air Conditioning**

Jon Sherrill  
jon@keyhvac.com  
170 West Road, Suite 8  
Portsmouth, NH 03801  
(603) 436-8811

*Geothermal heating and cooling systems for your home or business.*

### **NH Sustainable Lodging & Restaurant Program**

Michelle Veasey  
mveasey@nhlra.com  
24 Crown Hill Road  
Atkinson, NH 03811  
(603) 362-4679 or (603) 426-6889 (cell)

*The New Hampshire Sustainable Lodging & Restaurant Program (NHSLRP) strives to encourage lodging and restaurant facilities throughout the state to continually evaluate operations for more environmentally sustainable means of pampering our guests while protecting the place that both we and our guests love. The program promotes facilities reducing their impact on the land and natural resources through their own selected initiatives. NHSLRP strives to prosper by helping the hospitality industry realize the financial and marketing benefits associated with potential environmental endeavors.*

### **O2 Yoga**

Mimi and Peter Luriero  
peter@O2yoga.com or mimi@o2yoga.com

63 Market Street  
Portsmouth, NH 03801  
(603) 427-0772

*We strive at O2 Yoga to create a practice space that is beautiful, relaxing, warm, and inviting. We keep the studios comfortably warm, between 78-82 degrees. All the studios have natural flooring: bamboo, wood, and cork. Beautiful accents such as paintings, murals, and statues assist in creating focus and drishti. We also make every effort to make choices for the benefit of the environment such as recycled paper products, organic towels, refillable stainless steel water bottles, and filtered water dispensers. All in all, every visit to O2 should be a treat for body, mind, and spirit.*

### **O Baby Organic and Natural Products for Growing Families**

Olivia Lord  
olivia@obabynaturals.com  
107 Brave Boat Harbor Rd  
Kittery Point, ME 03905  
(207) 221-0334 or (207) 221-0334 (cell)

*O Baby provides natural alternatives for healthy babies, kids and mamas. Our goal is to create a healthy environment for future generations through the choices we make today. Our products are made with sustainable materials and created in a humane and ethical manner. While being completely environmentally friendly, our goodies are also fun, beautiful and functional. O Baby will be joined by Simply Slings, handmade organic cotton slings.*

### **Phragwrities**

Dave Kellam  
phragwrites@gmail.com  
41 Hampton Falls Road  
Exeter, NH 03833  
(603) 540-2759 or (603)540-2759 (cell)

*Phragwrities are pens made of an invasive plant, Phragmites Australis, that is locally impacting Portsmouth wetlands. By substituting plastic pen components with local, 100% biodegradable materials, users of the pens reduce the dependence upon persistent synthetic substances. 10% of all profits are donated to non-profit organizations battling invasive species.*

### **PHS Ice Hockey Boosters**

*The PHS Ice Hockey Boosters provide a wide variety of support to the team throughout the year to provide PHS athletes with a first class experience. Today they are promoting sustainability through recycling and reuse of all types of items and enhancing their ability to make high school athletes a great experience for our kids.*

### **PHS Golf Boosters**

*The PHS Golf Boosters provide a wide variety of support to the team throughout the year to provide PHS athletes with a first class experience. Today they are promoting sustainability through recycling and reuse of all types of items and enhancing their ability to make high school athletes a great experience for our kids.*

### **PHS Softball Boosters**

*The PHS Ice Hockey Boosters provide a wide variety of support to the team throughout the year to provide PHS athletes with a first class experience. Today they are promoting sustainability through recycling and reuse of all types of items and enhancing their ability to make high school athletes a great experience for our kids.*

### **Pike Industries**

Larry Major  
lmajor@pikeindustries.com

650 Peverly Hill Road  
Portsmouth, NH 03802  
(603)742-3272

*Pike continues to make improvements in its operations and services to be a "green" leader in our industry. You may see more about our company at [www.pikeindustries.com](http://www.pikeindustries.com)*

### **Portsmouth Listens**

[www.portsmouthlistens.org](http://www.portsmouthlistens.org)

*Portsmouth Listens is a neutral facilitator of dialogues on issues critical to making Portsmouth the best place to live and work for everyone. PL utilizes study circles, roundtables and other forms of dialogue to bring the community together to provide input and help solve community problems.*

*Portsmouth Listens annual meeting will be held on May 10. Membership is open to anyone that lives or works in Portsmouth. Join us to help make Portsmouth a more sustainable community.*

### **Nelson Farms**

Shawn Stimpson

sustainablefarmproducts@hotmail.com

PO Box 1

Strafford, NH 03884

(603)664-5151 or (603)842-2278 (cell)

*Sustainable Farm Products, managers of Nelson Farm, sculpts its lifestyle and practices around the principles of permaculture. Permaculture is a system of agriculture or horticulture that relies on renewable resources by enriching a self-sustaining ecosystem.*

*Nelson Farm is a certified organic farm nestled in the mountains of Strafford, NH. In our greenhouses, fields and gardens we enhance our environment. We build healthy and productive soils by means of crop rotation, cover cropping and an enthusiastic composting program. Together this allows for the absolute absence of toxic petroleum based fertilizers, pesticides, herbicides and fungicides. We promote biodiversity due to our implementation of beneficial insects as well as our educated seed selections. Our selections focus on heirloom varieties that risk extinction from corporate companies such as Monsanto. Conversely, we pay close attention to distributors that DO NOT support genetic modification. We choose to*

*only buy from reputable small family-owned or employee-owned companies that promote beliefs similar to ours.*

*We realize that a sustainable food system is the pedestal, which supports life and growth, and that the dependence of food to a finite resource is dangerous as well as impractical. Given our short growing season along the 43° latitude, we have done much to help extend our growing season through winter. Each year we come closer to closing the loop and creating a year-round growing and harvesting season. Our greenhouses are the cornerstones of this objective. We use waste oil furnaces to heat our greenhouses. We collect used vegetable oil from restaurants in the area, filter and burn the oil to heat water. The water circulates through tubes to warm our soil and allows us to grow gourmet, baby greens throughout the winter and then get a head start on our summer crops such as tomatoes, cucumbers and squash. This operation is mitigating the farm's dependence on fossil fuels as well as helping to promote consumers to eat locally. Salads are great in January but they are greater when they are fresh and produced with sustainable local methods.*

### **PL Bake Sale**

*PL will provide a variety of sustainable foods to the Fair from food vendors and caterers that emphasize the use local, fresh and sustainable products.*

### **Seaport Fish Co**

Rich Pettigrew  
rich@seaportfish.com
