

# State Street Sidewalk Reconstruction Public Meeting

*March 30<sup>th</sup>, 2022,  
City Hall Conference Room A*

Portsmouth Department of Public Works

# Limit of Sidewalk Improvements

# Current Sidewalk Conditions

Typical Brick Sections

Typical Asphalt Section

Typical Curb Ramps

# Current Sidewalk Conditions

- Does not meet ADA compliance for cross slopes, lips, gaps and settlement
- Asphalt and brick surfaces
- Brick sections rutted
- Narrow sections of sidewalk
- Drainage
- Curbing settlement

# Considerations for Proposed Layout

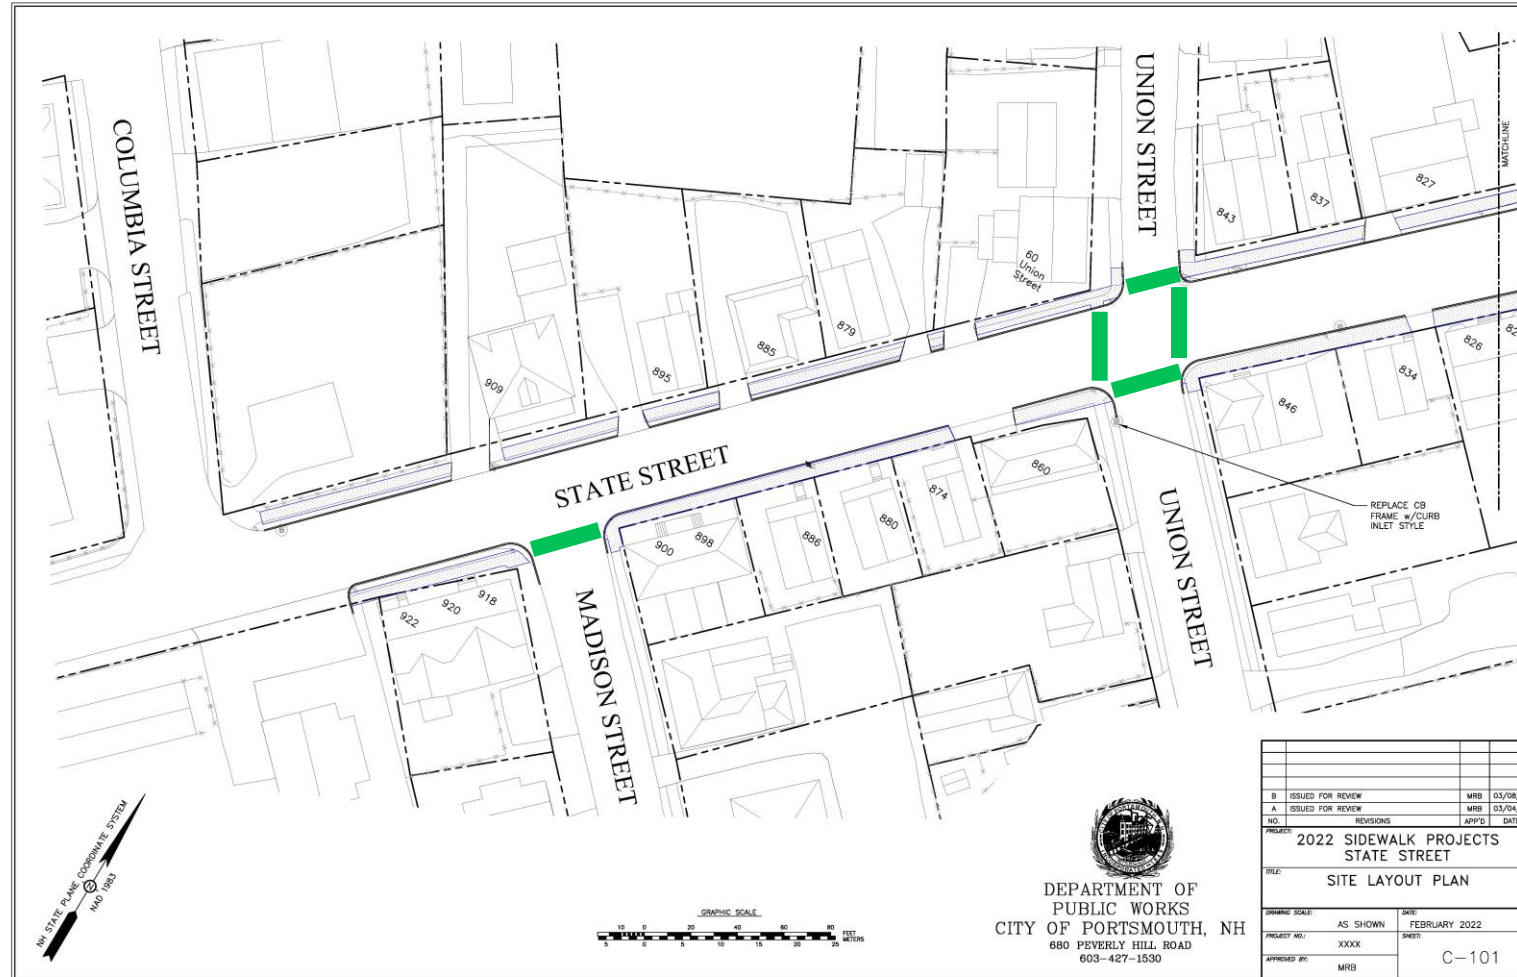

- 5-1/2' Minimum Width
- City standard material - Concrete
- Maintain existing sidewalk layout
- Retain grass strip between curb and sidewalk at areas where they currently exist
- Construct to ADA compliance
- Reset curbing to vertical

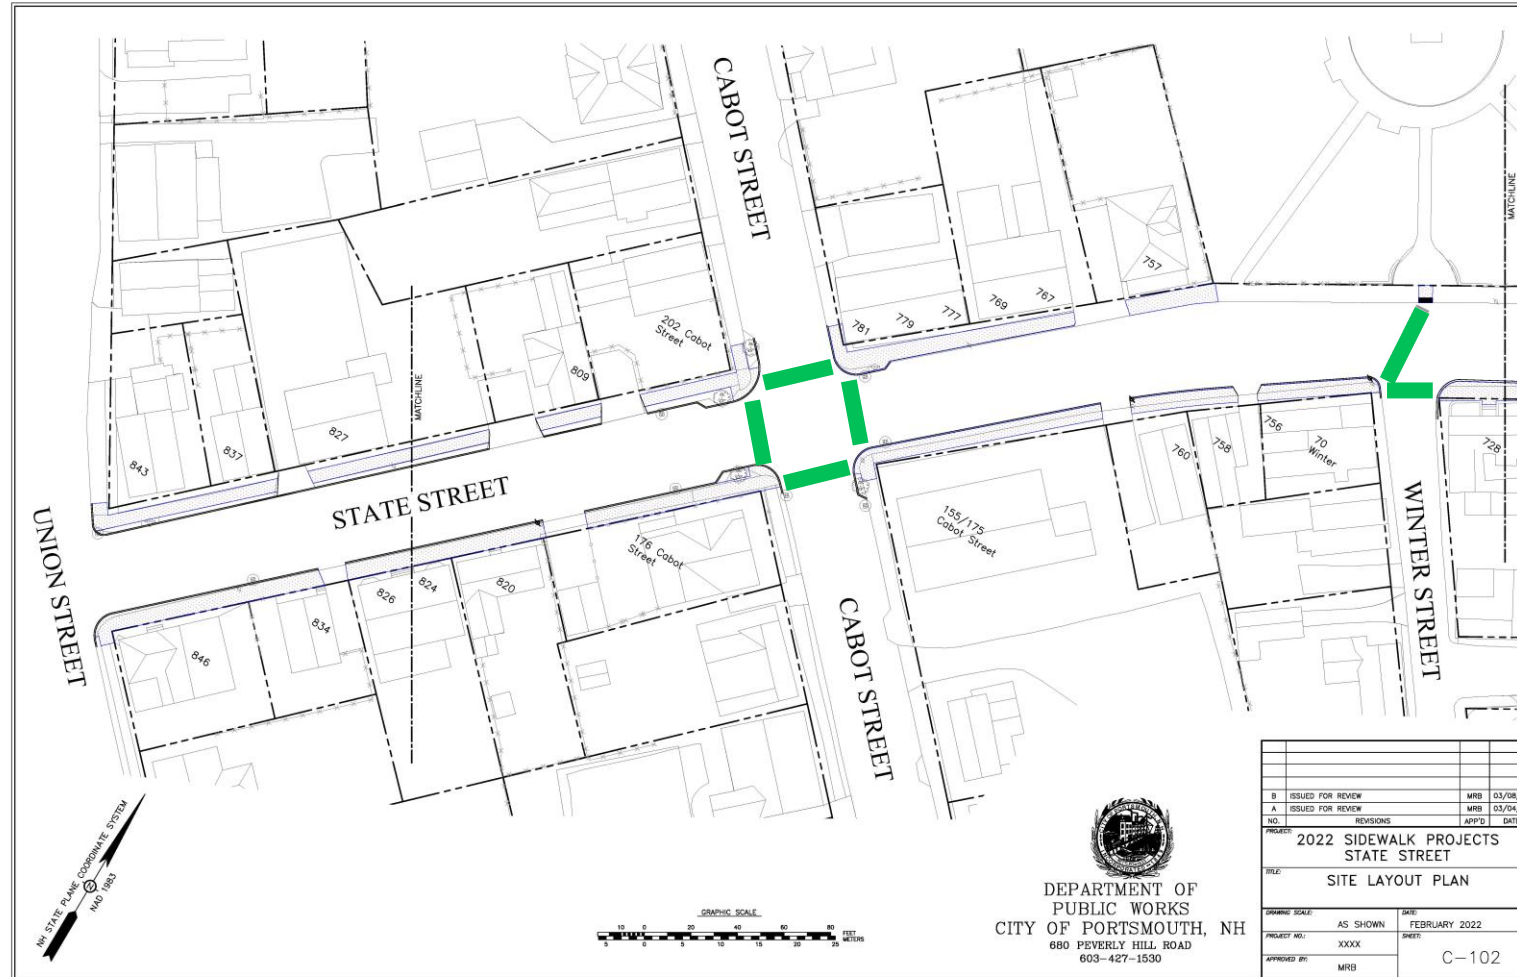

# Proposed Design Plan

Crosswalk (TYP)
