

FREE WATER TESTING FOR QUALIFIED WATER CUSTOMERS

The City of Portsmouth Water Division monitors for lead in drinking water in the Portsmouth and Pease Tradeport Water Systems to make sure there is no detectable lead in the City's supply. However, buildings with old plumbing systems could have lead components that may leach lead into tap water. Lead is particularly harmful for children under 6 years old.

PORTSMOUTH WATER CUSTOMERS MAY QUALIFY FOR FREE TESTING

The City is contracting with an accredited laboratory to provide one sample kit (per residential customer) to test for lead in drinking water for customers served by the Portsmouth and Pease Tradeport Water Systems.

HOW CAN I TAKE ADVANTAGE OF THIS OPPORTUNITY?

Contact Mason Caceres, Water Quality Specialist II, at (603) 312-3804 or mecaceres@cityofportsmouth.com for a one-time code that will allow you to obtain a sample kit. Detailed instructions will be provided.

* The city has budgeted \$2,500 for this program. Kits will be distributed while supplies last.
